### **Independence Day**

In the United States of America, Independence Day is a federal holiday celebrated on the 4<sup>th</sup> of July. This holiday means a lot to American citizens because the

Declaration of Independence was adopted on the 4<sup>th</sup> of July 1776 and it meant that the United States became a free nation, independent from Great Britain. Americans often celebrate this holiday outdoors. Families get together and they usually barbeque and then watch firework displays. During this day, you can also see everything in three important colours – red, white, and blue. These are the colours of the American flag, a great national symbol for Americans.
