Valentine's Day

It is the 14th of February. Love is in the air, you can see hearts everywhere, and you wish to spend the whole day with the one you love. That is Valentine's Day. Nowadays, many people celebrate this holiday, and they enjoy it. However, many of us don't know the history of this special day of love, so let's talk about it. This

holiday came to be because of a priest called Valentine. He helped men and women get married even though the emperor of his time was against marriage. The emperor wanted men to fight for him in wars, to be his soldiers, not think about love. But because you cannot stop love, these men wanted to get married to the women they adored. That is why they came to Valentine. When the emperor found out about this, he put Valentine in jail and then killed him.

It is a very sad story about a man who just wanted people to be happy with the ones they loved. Therefore, when you celebrate Valentine's Day, remember this person and enjoy the fact that no one is stopping you from loving whoever you want.
